

**“Pro-poor climate change mitigation for food production systems in developing countries - supporting developing countries’ science and young scientists”**

AU-Foulum, 1 – 4 December 2013

**Programme:**

**Sunday 1 December 2013**

|         |  |    |
|---------|--|----|
| All day | Tour of Aarhus City<br><i>Ngonidzashe Chirinda / Jytte Christensen</i> | WP |
|---------|--|----|

**Monday 2 December 2013**

|           |  |    |
|-----------|--|----|
| 0830-0900 | Introductions and clarifying objectives and expected outcome of workshop<br><i>Ngonidzashe Chirinda / Andreas de Neergaard</i>                           | WP |
| 0900-0945 | Overview on CCAFS: vision and current activities<br><i>Meryl Richards</i>  | OP |
| 0945-1000 | Coffee break   |    |
| 1000-1100 | Overview on the SAMPLES programme<br><i>Todd Rosenstock</i>  | OP |
| 1100-1200 | Does the private sector have a role in enhancing climate change mitigation in smallholder farms?<br><i>Emma Keller</i>                                   | OP |
| 1200-1245 | Lunch  |    |
| 1245-1500 | Student Seminar (presentations from grant recipients) and discussions with feedback<br><i>Ngonidzashe Chirinda / Myles Oelofse /Andreas de Neergaard</i> | OP |
| 1500-1515 | Coffee break   |    |
| 1515-1745 | Touring Foulum facilities<br><i>Ejner Serup</i>  | WP |
| 1900-     | Social event and dinner  |    |

**Tuesday 3 December 2013**

|           |   |    |
|-----------|---|----|
| 0830-1030 | Model building<br><i>Andreas de Neergaard / Myles Oelofse</i>   | WP |
| 1030-1045 | Coffee break  |    |
| 1045-1215 | Calculating greenhouse gas emissions using the Cool Farm Tool<br><i>Meryl Richards / Emma Keller</i>                        | WP |
| 1215-1300 | Lunch   |    |
| 1300-1400 | A vision on the role of science in driving climate change mitigation in developing countries<br><i>Andreas de Neergaard</i> | OP |
| 1400-1500 | The potential role of biochar as a climate change mitigation options: Where are the trade-offs?<br><i>Kor Zwart</i>         | OP |
| 1500-1515 | Coffee break  |    |
| 1515-1600 | Climate change mitigation in developing countries does it matter?<br><i>Jørgen E. Olesen</i>                                | OP |
| 1600-1700 | Group reflection<br><i>Todd Rosenstock / Meryl Richards / Myles Oelofse</i>   | WP |
| 1900-     | Joint Dinner  |    |

**“Pro-poor climate change mitigation for food production systems in developing countries - supporting developing countries’ science and young scientists”**

AU-Foulum, 1 – 4 December 2013

**Wednesday 4 December 2013**

|  |   |    |
|--|---|----|
| 0830-1030  | Handling greenhouse gas data using R software<br><i>Lars Elsgaard</i>   | WP |
| 1030-1045  | Coffee break  |    |
| 1045-1200  | Joint young scientist seminar with PhD students at Aarhus University<br><i>Ngonidzashe Chirinda / Myles Oelofse</i>   | OP |
| 1200-1245  | Lunch   |    |
| 1245-1400  | Group reflection and workshop feedback<br><i>Todd Rosenstock / Meryl Richards / Myles Oelofse</i>   | WP |
| 1400-1430  | Coffee break  |    |
| Please notice that the afternoon sessions will take place in the auditorium: |   |    |
| 1430-1530  | Climate change mitigation in developing countries: where are we and what options do smallholder farmers have? (This presentation will be streamed live from the main Auditorium to the rest of the world)<br><i>Todd Rosenstock</i> | OP |
| 1530-1700  | Scientific networking with students and staff at Foulum<br><i>Ngonidzashe Chirinda</i>  | OP |
| 1900   | Social event and dinner   |    |

**\*WP- Workshop participants only**

**\*OP- Open for people at Aarhus University**
